

Russell Furnari is the former Manager of Environmental Policy Enterprise at Public Service Enterprise Group (PSEG). He was with PSEG for 42+ years, working in a variety of environmental, operating and technical support positions. Russ is a member of Executive Committee serving as Vice-President for NJ. Russ is the former Chair of the New Jersey Corporate Wetlands Restoration Partnership, a public/private organization that co-funds and supports the implementation of projects that restore, enhance and protect aquatic based habitats across New Jersey. He currently serves on the NJCWRP Board. He also serves on the NJ Clean Water Council and the Endangered & Non-game Species Advisory Committee, to advise the NJ Department of Environmental Protection and on the boards of several environmental NGO's.
