

**Jennifer Farmwald, Section Chief, Water Innovation and Research
Bureau of Water Supply, New York City Department of Environmental Protection**

Jennifer Farmwald is the Section Chief for Research Coordination, Water Innovation and Research in the Bureau of Water Supply. She has extensive experience leading teams focused on environmental analyses and capital program development. She joined Water Innovation and Research in 2019. Her current role provides her with an opportunity to utilize her broad skill set as a project manager, analyst, and engagement specialist to advance the bureau's research needs and identify opportunities to collaborate. Before joining DEP, Jennifer spent five years as a member of senior leadership at New York University, working as part of a team to raise over \$3.5 billion for scholarships, professorships, and new infrastructure. She received a B.S. in Psychology at the University of Central Florida and an M.P.A. from New York University.
